

SLC-FSDO FAAS Team presents:

My Engine Just Quit

We will discuss and talk about my experiences with engine failures and how I handled them. And talk about the importance of knowing our emergency procedures and how to land the plane with little to no power! How to chose a suitable landing spot and why “the odds of your survival are inverse to the angle of your arrival!”

Directions: An in person seminar with free parking for both cars and aircraft.
Arriving in the Car. Plan for up to a 30 minute walk.
Look for signs!

Arriving in the Plane
Please call 801-295-3877 prior.
See <https://www.skyparkutah.com/festival> for additional details
You'll need to make prior arrangements to fly in and park your aircraft.

A message from the National FAASTeam Manager
